We Support:

SDRMCA

South Dakota Ready Mix Concrete Association

OUR GOALS:

- Collectively promote the use of high quality, durable concrete in our communities across the state.
- Educate our members as well as architects, engineers, contractors, and owners on the advantages of choosing concrete construction.
- Provide updates on new, innovative products and technologies to advance the concrete industry in SD.
- Offer ACI certifications and learning opportunities to improve the quality of our workforce, safety, materials, and concrete construction methods.
- Communicate relevant legislative and regulatory updates that affect our members and their businesses.

Membership Classifications:

- **Producer Member** is a business that is directly engaged in the production or sale of ready mixed concrete with active operations within the state of South Dakota.
- **Associate Member** is a business that is directly engaged in the production, sale or supply of materials used in the production of ready mixed concrete in South Dakota.
- **Affiliate Member** is a business that provides equipment, supplies, services, or other products which support the ready mixed concrete industry in South Dakota.

How to Join?

Go to **www.sdrmca.org** and choose 'membership' to download the application form.

Or, contact us directly at
info@sdrmca.org
or **(605) 274-0145**.

Your Membership Benefits:

- Bi-Weekly correspondence with updates on events, codes, legislation, webinars, and industry happenings.
- Promotional assistance on individual projects and access to NRMCA Design Assistance Programs.
- Representation at industry events and on technical/research committees.
- Access to networking and educational opportunities at the Annual Concrete Conference, Summer Golf Outing/Social and Annual SDDOT meeting.
- Participation on SDRMCA committees to shape industry promotion/education efforts.
- Reduced rates and priority registration to ACI Certification events hosted by SDRMCA.
- Member listing in printed directory and on website with opportunities to advertise at industry sponsored events.
- Annual Concrete Awards of Excellence to promote the quality, durability and beauty of member concrete projects, while also recognizing owner, contractor and design teams.
- Support opportunities in the concrete industry through educational sponsorships, scholarships, and workforce development initiatives.
