

SDRMCA Membership Classification and Dues

SDRMCA membership classes are described below. The Association uses these definitions to determine your company classification and annual dues. Association dues are invoiced in January and shall be paid in full by March 1 of each year.

All employees of a Producer, Associate, or Affiliate member are also members of the Association. Members in good standing are entitled to a single vote on association matters, can be elected to the Board of Directors, and can participate in the committees of the Association. Refer to the Association bylaws for more details regarding membership in the SDRMCA.
